

## ACOUSTICIAN & A/V DESIGNER

The Greenbusch Group is stable, 27 year old Audio/Video, Acoustics and Mechanical Engineering firm based in Seattle, Washington. We are an equal opportunity employer and offer a comprehensive benefits package including Medical, Dental, Life, Disability, and an IRA Plan.

Our projects types include Education, Corporate, Civic and Transportation facilities throughout the US. We encourage visiting our website at [www.greenbusch.com](http://www.greenbusch.com).

We are seeking an individual to support both our Acoustics and Audio/Video consulting departments. This position will be based in Seattle, Washington and is available immediately.

### Responsibilities will include:

- Acoustics
  - Review building plans and analyze acoustical characteristics such as reverberation, sound isolation, HVAC system noise and vibration, structure borne sound transfer, etc.
  - Develop acoustical recommendations to satisfy design criteria.
  - Develop design narratives and coordination memoranda to support the design process.
  - Assist with field measurements of acoustical properties, such as general background noise levels, ASTC, AIIIC and  $T_{60}$ .
- Audio-Video
  - Design of complex AV systems.
  - Preparation of systems drawings and specifications in CSI format.
  - Coordination with Acousticians, Architects, Engineers, and Contractors.
  - Assistance with Construction Administration during construction.
  - Assistance with on-site testing, measurement, and commissioning of AV systems.

### Minimum Qualifications:

- Bachelor's Degree in engineering, mathematics, physical science or related field.
- Minimum 5 years experience in related field.
- Strong organizational and communication skills, both oral and written
- High appreciation for quality customer service.
- Self-motivated, able to manage own schedule, coordinate multiple projects, and reliably meet deadlines.
- Proficient in Microsoft Word/Excel.
- US Citizenship or appropriate work visa is required.

This is a permanent full-time position.
