

DRAFTER

The Greenbusch Group is a multi-disciplinary engineering and consulting firm located in the Interbay neighborhood of Seattle, Washington. The Mechanical Department is seeking a dynamic and energetic individual with experience to fill the position of Mechanical HVAC/Plumbing Drafter to support a wide variety of interesting projects.

The successful candidate for this position will possess:

- Verified experience and education in the drafting of HVAC and plumbing systems, excellent communication skills, and proficiency in AutoCAD 2017, or higher, & RevitMEP.
- Accurate drafting of HVAC/Plumbing and other systems from engineered sketches and conforming all work to project drafting standards.

Job Requirements:

- Experience in an architectural or engineering consulting environment, skill with Microsoft Word/Excel, and familiarity with the design and construction processes of publicly funded projects are desirable.
- A documented technical degree in an applicable field is desirable.

This is a permanent full-time position.

We offer competitive salary and great benefits.

We seek a trustworthy, industrious individual who enjoys this work and is looking to join a great team.

Other position details:

- Reports to Mechanical Engineers
- US Citizenship or appropriate work visa is required.
- Electronic submission of a resume and transcripts should be sent to info@greenbusch.com.

We thank all candidates who apply, however, only those chosen for an interview will be contacted. Phone calls, agency or employment representative solicitations will not be considered.
